

## LOCAL NOTES.

A quiet prevails on our streets after the recent convention events.  
J. H. Hamilton is recuperating his health in Prescott.  
T. S. Bullock arrived on Hathaway's stage last evening.  
The republican ticket gives good satisfaction to tax payers.  
Attorney General Churchill left for the south this morning.  
A man named Garter is running for congress in California.  
General Miles is expected to arrive at headquarters next Sunday.  
Admission to the circus will be reduced to fifty cents this evening.  
Hon. T. J. Butler and N. O. Murphy, left for Tucson to attend the republican territorial convention.  
Hon. T. J. Butler is the Journal-Miner's choice for superintendent of public instruction of this territory.  
George S. Porter is putting the finishing touches on Horne & Kastner's new cabinet saloon.  
Hon. W. H. Hardy came in from Mineral Park last evening and left for Tucson this morning.  
Nineteen miles of track are laid and surveys are at Chino valley on their way to Prescott.  
Dan L. Robinson, the next recorder of this county left for his home in the Verde to-day.  
Since the adjournment of the democratic congress, silver has appreciated in value three cents.  
Prof. Gleason is giving good satisfaction as principal of the public schools. He is a good disciplinarian and a thorough instructor.  
Woolen overcoats and underwear have never been offered so low in Prescott before as we have seen them quoted to-day at the Lion store.  
The circus showed to a good audience last evening. The performance is said to have been good and will be repeated this evening.  
"Read me for my cause, and be patient that you may read."—Shakespeare.  
**FROM SATURDAY'S DAILY.**  
The circus had a good audience last night.  
L. P. Nash, the next assessor of this county, left for home to-day.  
The circus pulled up stakes and left for Tip Top to-day.  
The new postoffice has the appearance of a metropolitan office.  
We are having a second edition—a kind of pocket edition—of summer again.  
Our contemporary reproduced this morning a column of its late convention proceedings.  
Charles Krause, an old-time Prescottite, is preparing for a brief season in Prescott.  
Services at the Baptist church to-morrow at 7:30 p. m.; Sunday school at 10:30 a. m.  
Preaching at the M. E. Church South at 7:30 p. m. Sunday. Sunday school at 10:30 a. m.  
General Miles will arrive at Whipple on Monday instead of to-morrow as previously announced.  
The majority of the republican nominations was clearly a case of the office seeking the man.  
F. M. Murphy and Captain A. T. Brown went out to inspect some mines in the Hassayampa district to-day.  
The republicans of Pima county will elect every candidate they have nominated.—Citizen.  
Yavapai county will do the same thing.  
The announcement last evening on the streets of the appointment of a new postmaster was somewhat premature.  
Sam Hill and J. Samuels continue to develop their Zula mine in Tonto basin. They have one of the most promising claims in this county.  
The equestrianism of Taylor Frush, and the mid-air feats on the trapeze by the same gentleman, together with the black-wheeled performance of Malvina Frush, the high kicking of Parker, the clown, and the antics of little Charlie Fullman are the principal features of the circus.  
Hon. A. C. Baker, the able lawyer of Phoenix, came to the rescue of Governor Zuleik in his insane asylum imbroglio and saved him from complete official annihilation. In return, his Excellency, by his trusted lieutenant, completely slaughtered Mr. Baker in the democratic convention.  
The Tombstone Democrat eulogizes, "Tom Fair's political sagacity" and says that "Tom predicts that Mark Smith will carry Yavapai by a good routing majority." "Tom" knows about as much about the politics of Yavapai county as a "shot horn Jersey bull" knows of its manhood.  
Rev. J. G. Eberhart, of Flagstaff, is in Prescott, the guest of Rev. N. L. Guthrie and wife. He will remain here until Monday when he will leave for Phoenix to attend the conference which meets on Friday, September 24th.  
The republicans of Mohave county have nominated the following ticket: Council, Dr. E. L. Burdick; assembly, R. Marsh; county judge, W. G. Blakely; sheriff, Robert Steen; district attorney, E. B. Williams; assessor, Wm. Atkinson; treasurer, W. H. Taggart; recorder, E. J. Goldman; county clerk, H. H. Watkins; supervisors, J. H. Johnson and J. G. Nelson.

**FROM MONDAY'S DAILY.**  
"Old Grizzly" pulled out for his home at Placitas to-day.  
W. M. Buttram is putting the old express office in repairs for business.  
The Prescott social club will give their next party on Friday of this week.  
The fall rodeo of voters by candidates has already commenced.  
T. S. Bullock was in town to-day, but left this morning for their air d camp.  
James McClintock, a Phoenix (YTO), has gone to teaching school.  
The Wickenburg stage left this afternoon with five passengers.  
Ellery D. Williams, of the engineers' office, came in from the south last evening.  
The city of Albuquerque will give General Miles a grand reception on the 27th instant.  
P. J. Bramen, the Flagstaff merchant, was married in the east a short time since.  
Professor Windmiller's dancing school meets to-night at the armory of the Prescott rifles.  
Frederico Rambo has been lodged in the county jail, charged with stealing stock, near Ash Fork a short time since.  
Bers, N. L. Guthrie and J. G. Eberhart left for Phoenix to-day to attend the M. E. conference, which convenes there on Friday next.  
The second ten miles of the railroad has been completed and accepted, and the bonds there are being issued to-day by the board of supervisors.  
Sam F. Powell, who was a prominent candidate before the republican convention for the legislative assembly, left for Walnut Grove to-day.  
The grand secret of advertising is repetition; iteration and reiteration compel attention. An occasional advertisement is barely sufficient to keep the advertiser from falling into the great receptacle for utterly forgotten things.  
Mayor Kelly this afternoon received a note from Colonel Barber, adjutant general at Whipple, stating that General Miles would not visit headquarters at present. As a consequence, the mass meeting announced for to-night will not be held.  
Some of our enterprising citizens are already talking of starting stock yards. With reduction works and stock yards, Prescott is bound to enter on an era of prosperity.  
Information wanted of the whereabouts of H. H. Watts. Anyone knowing of his address will please communicate the fact to S. Little, What Cheer, Keokuk county, Iowa.  
Only \$16.05 for a ticket from Ash Fork to Albuquerque and return, and \$50 for a round-trip ticket from the same place to St. Louis. Tickets for sale at the stage office, in Bank of Prescott building.  
George H. Curry, Prescott's popular young jeweler, returned from a two month visit to the scenes of his childhood in the east last night. The McCormick street mess killed the fatted calf for the occasion.  
She was a crank on the subject of music. A gentleman knocked at her door and asked: "Does Mr. Smith live here?" "No, sir; his room is an octave higher—in the next flat," he replied, in a pianissimo and untune of voice.—Texas Sittings.  
**FROM TUESDAY'S DAILY.**  
Major Oney, of Jerome, is in Prescott. Equineatorial scenes are now in order. The days and nights are of equal length.  
The great register is filling up with names.  
L. Abel, a Bradshaw mining man is in town.  
J. W. Colgan's outfit has been given work on the railroad.  
Dr. C. C. Barrows will be relieved from duty at Whipple next month.  
M. Wollenburg has a whole lot of glassware, which he gives away to purchasers of yeast powders.  
Kentucky sour mash whiskey double standard goods, and genuine Tennessee white rye at the Cob Web.  
Stockmen's outfits at the Lion store. Just the Boots, Pants, Shirts and Hats you want.  
Dr. Mason reported for duty at Whipple this morning and has been assigned to duty at Camp Verde.  
People troubled with summer complaint can find blackberry cordial at Lincoln's drug store. Sure cure.  
If you contemplate a trip, purchase your trunks and valises at the Lion store. The best article for the money will be found there.  
"The dulcet tones of the Teuton" seems to grate more harshly on the tympanum of our contempt than on the ears of any one else.  
The cheapest place in town to buy clothing is J. W. Wilson & Co's. County warrants and juror certificates taken at par.  
Chas Thompson has deeded one half interest in the Road Ranch mining claim in Humboldt district to J. A. Smithline.  
The days of high prices in Prescott have passed away. Drugs and patent medicines are selling at New York prices at Robinson's drug store south Montezuma street.  
The democratic convention had no use for men of such sterling integrity and honesty as Jos. B. Walker, a pioneer of the pioneers of this territory, and A. A. Moore, a man who is recognized as the soul of honor.  
J. W. Wilson & Co. have just received samples for their fall clothing and are prepared to take orders for suits now at reasonable prices, to be made to order. Give them a call.  
Fisher the counterfeiter, who broke jail here last fall and was shot and killed by Marshal Dornan near Mesa city a few days since while trying to escape arrest.  
**Two Car Loads**  
Of choice, extra family, Fresno flour just received by J. L. Fisher.

Mark A. Smith, a Tombstone lawyer, has been nominated for congress on the democratic ticket, which means that the Hon. C. C. Bean will represent the territory as its delegate for the coming two years.—Apache Critic.  
Chew "Piper Heideck" and "Tokay," Smoke "Aikens Best," Stargo, "Silk Tie" and "M. E." cigars. "Sportmans" and "Caporal," "Full Dress," cigarettes and various other brands of cigars and cigarettes at Aikens'.  
There is a very large percentage of independent, intelligent democrats who openly declare that they will rebuke the bossism of their party by refusing to support the nominees cut and dried before hand and crammed down the convention's throat.  
Climax, Horse Head, Red Cross, Vanity Fair, Queen Bee, Durham, Fruit and Flowers, Lone Jack, Perique, Seal of Alabama, sweet Caporal and J. B. Pace brands of tobacco, cigars, fruits and confectionery at O. W. Ford's cigar store.  
At a meeting of the Stock men for Williamson Valley, September 19th, it was arranged to commence the rodeo at Newlyn Walnut Creek, October 5th, and at John Dickson's, Skull Valley, October 5th. Both parties to meet at the Lakes, October 20th. Henry Clay was elected Captain of the west side, of the Williamson Valley party and Robert Blair of the East side.  
The "burro," or small jackass of the rocky mountains, is noted for his ability to lay on anything you feed him. He grows fat and whisks his tail contentedly over a feed on empty cyster cans and a desert of adobe bricks or paper from a bill-board. All he wants is something to fill up his stomach, and he doesn't care much what it is.—Ex.  
In one of our justices' courts yesterday a scene was enacted, closely approaching the accounts published in eastern papers of Arizona justice. A trial was on, to try which, a jury was summoned. The case was complicated, when the jurymen made a demand upon the court for their fees, which, however, were not forthcoming. The impetuous citizens, however, refused to let the court leave the room for quite a time afterward, and the scene which followed beggars the description of the most ludicrous writers.—Gazette.  
**Wiggins on Earthquakes.**  
Prophet Wiggins says the worst earthquakes of the reason have not yet appeared, but will occur about the middle of October, when the southern states will again be visited by earthquakes, and disturbances will extend to California and South America. When asked his reasons for his predictions, Wiggins said: "Earthquakes are caused by the shifting of the earth's center of gravity. Suppose this center be moved, say one mile from the normal or center of gravity or from center volume; now what must happen? Why, the earth parts her surface. These disks, therefore, will grind up on generating heat or lava. Hence earthquakes and volcanic eruptions. If our little volcanic satellite were brought down and slid around the earth from east to west, in twenty-four hours earthquakes would occur of such violence as to render the globe uninhabitable."  
Prophet Wiggins claims that the forces were in action at the end of August. Both the earth's satellites, two of which he says exist, were then in perigee. Jupiter was also near her inferior conjunction, which in a limited degree increased the strain.  
**Centennial District.**  
A. J. Law, the well-known engineer is in town to-day from the Centennial mining district, Yuma county. He tells the reporter that the company composed of Messrs. F. A. Trille, Frank Murphy, W. H. Beard and others, have already two-thirds of the machinery on the ground for a 10-stamp quartz mill, and the remainder is expected from Prescott in the course of the next two weeks. The company owns a group of thirty-four locations, and has a force of men engaged in taking out ore from five ledges. The average pay streak on the smallest ledge is about eighteen inches, while the largest ledge is 5 feet 6 inches between walls. The character of the rock is free-milling gold ore, and the average assay is \$22 per ton. The farthest work from the mill is distant about two miles, and it is calculated that the ore can be mined and delivered to the mill for, at the topmost figure, \$2 per ton. The entire mine seems to surround an immense subterranean lake. Water can be obtained at a depth of twenty feet, while a steam pump, throwing 1,500 gallons of water a minute, worked for some hours in a well 25 feet deep, and failed to make any impression on the same. Within a radius of two miles wood enough can be secured to keep a 10-stamp mill running for a period of ten years, and we have no doubt that under these advantageous circumstances the company making developments will meet with brilliant success, adding to the bullion producing sections of Arizona, the Centennial district.—Gazette.  
**Cochise County Ticket.**  
The republican county convention of Cochise made the following nominations:  
For Council—W. A. Harwood, Assemblymen—W. S. Fleming, John Martin, W. A. Nash, Frank Frame, C. N. Thomas, Sheriff—R. S. Hatch, Treasurer—A. J. Ritter, Recorder—W. F. Bradley, County Judge—E. W. Morrison, District Attorney—W. H. Stillwell, County Clerk—A. R. Walker, Assessor—E. G. Norton, Surveyor—H. G. Howe, Coroner—C. B. Tarbell, Supervisors—B. S. Brown and H. Bain.  
**Suicide.**  
Dr. Flint's Heart Remedy has saved more lives by timely use, and has kept from suicide or the insane asylum more victims of nervous disorders, than all the physicians with their pet methods of treatment. At druggists, \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

**Wednesday's Edition.**  
Bring your job work to this office.  
Old Fellows lodge meets to-night.  
John Sorg, of the Union Saloon, has gone to California.  
J. W. Colgan left, with his teams, scrapers etc., today for the grade.  
Martin Maier, of the Exchange saloon, will hereafter do a wholesale business.  
Mr. Smith, one of the mail contractors on the Wickenburg route, arrived in Prescott this morning.  
Col. H. A. Bigelow and J. A. Park left for their camp last evening with a small pack train loaded with supplies.  
Round trip tickets to the Knights Templar convalesce at St. Louis are on sale at the stage office at greatly reduced prices.  
The JOURNAL-MINER received by Palmer's teams yesterday another large invoice of type and other printing material.  
F. M. and N. O. Murphy have men engaged at work on the Silver Trail in the Hassayampa district. The mine looks well.  
General Miles arrived this morning rather unexpectedly at department headquarters at Whipple. A public reception will be tendered him shortly by our citizens.  
Those "Dulcet Teutonic tones," of one of Yavapai's ex-sheriffs seems to have given our contemporary the nightmare. The ex-sheriff, as well as our German citizens generally, are greatly amused at its "pan-electric" connotations over the affair.  
A. Wollenburg, the enterprising dealer in general merchandise, has an announcement in this issue which is of special importance to our readers. Mr. Wollenburg has just enlarged the capacity of his store and added largely to his stock of goods and will not be undersold.  
The republican party of this territory is to be congratulated on unbalancing L. Long who desired a nomination for superintendent of public instruction. Mr. Long was fortunate enough two years ago to catch on to the Bean boom and thereby boomed himself into office, but his defeat this year was inevitable had he been nominated.  
A. A. Moore's only sin in the sight of democracy was that his residence was in Prescott. After giving all the lucrative positions on the ticket to citizens of Prescott, the bosses who prepared the ticket for the convention deemed it of vital importance to give the minor nominations to the outlying precincts as a kind of a holding salute to catch their votes. If Mr. Moore had resided in the country he could have been nominated for supervisor. So says the organ of that party.  
"A member of late dem. con. com." rushes into this morning to deny that Governor Zuleik or T. E. Farish had anything to do with or suggested in any way the selection of the Yavapai delegates to the Democratic Territorial convention. "As no one has charged either of them with it, the denial is somewhat premature. Every one knows that the democratic central committee of this county performed the functions usually devolving upon the convention of the party in the selection of delegates to the territorial convention. The central committee selected the names and Mr. Farish pocketed the proxies. Only this and nothing more.  
See that your name is on the great register of the county. You cannot vote at the November election unless it has been placed there this year and 30 days before the election occurs.  
**Furn in Yavapai.**  
There was a happy vein of humor pervading the county democratic convention of Yavapai county, and the committee on securing the passage of the follow. Fishwickian resolution in their platform. It is a non-Strasburg joke. We commend also the wisdom of the territorial convention in selecting Charles H. Strasburg as a candidate for Superintendent of Public Instruction. A man of ripe scholarship, unyielding integrity and unblemished character, he will use official position for the benefit of the people and for the advancement of the public schools of the Territory.  
**L. L. FISHER'S LOCALS.**  
California flour at J. L. Fisher's.  
J. L. Fisher has on the road a lot of Mason jars for preserves.  
Pocket stoves 75 cents each at J. L. Fisher's.  
Crystallized fruits 25 cents per box at J. L. Fisher's.  
Smoked Eels and Lamb Tongues, just received by J. L. Fisher.  
Carpets and Oil Cloth, 50 cents per yard and upward at J. L. Fisher's.  
Fresh Butter, Eggs and Cheese from the ranch at J. L. Fisher's.  
Hanging lamps, glass ware and chandeliers best and cheapest at J. L. Fisher's.  
Gold dust, bullion, county and city warrants taken in exchange for goods at J. L. Fisher's.  
The "Horror" of Tooth Pulling Gone.  
Drs. D. and J. Pentland have, after considerable expense, commenced the manufacture of "nitrous oxide gas" for the absolutely "painless extraction" of teeth. They will continue to keep a good supply always on hand of pure fresh gas, so that the most timid may no longer dread the extraction of troublesome teeth.

**Proposals for May.**  
The following bids were opened at the office of the chief quartermaster at Whipple, on Saturday, July 18th for hay and straw at Fort Huachuca:  
Hemery & McClure, 1,300,000 lbs native hay at \$2; 300,000 lbs loose bottom hay, 75¢; 700,000 lbs, 88¢; 300,000 lbs straw, 88¢.  
Geo. Goldman, 1,000,000 lbs baled alfalfa, \$1.25.

J. S. Merrill, 200,000 lbs loose gramma, 90¢; 1,000,000 lbs bottom \$1.15.

Wm. Greene, 1,000,000 lbs native 73¢; 300,000 lbs straw, 62¢.  
John Hill Jr., 150,000 lbs baled gramma, \$1.11, same amount baled gramma \$1.11, same hay loose 96¢.  
A. Solomon, 1,000,000 lbs machine cut native 79¢.  
A. Noyes 150,000 lbs of alfalfa 80¢; 120,000 lbs loose bottom 79¢.  
The lowest bidder will be seen from the above are Wm. C. Greene and A. J. Carroll at 72 and 62¢ respectively for hay and 62¢ for straw.  
**Increased Mail Service Needed.**  
The JOURNAL-MINER has time and again called attention to the fact of a needed increase in the mail service to Tonto Basin. Under the present contract the mail leaves Globe on Monday of each week, arriving at Camp Verde on Wednesday night. Returning it leaves Camp Verde on Thursday morning arriving in Globe on Saturday. Mail leaving here on Thursday morning for Camp Verde arrives there too late for the stage of that day and as a consequence has to wait until the following Thursday. It is estimated that the Basin contains no less than 2,000 inhabitants who are compelled to put up with this service. The population which is increasing each year demands no less than a tri-weekly service. A petition was forwarded to Washington two years ago for an increase in the service but it is claimed by parties in the Basin that it was defeated through representations of John Hise, the present surveyor-general of the territory, who represented that the service was all that was required.  
**Republican Convention.**  
[SPECIAL TO THE JOURNAL-MINER.]  
Tucson, September 21.—The republican territorial convention has nominated C. C. Bean for delegate to congress, and has nominated Thos. Corliss, for superintendent of public instruction, and B. S. Kaufman, for joint councilman from the southern district, and Hon. Sumner Howard for joint councilman from the northern district. The greatest harmony prevailed throughout the session and the nominations were all unanimous by acclamation.  
**Cold-Blooded Murder.**  
The usual quiet and law-abiding order of our city was yesterday broken by a fatal shooting, which seems, from what can be learned, to have been of a most unprovoked character. Wilson Douglas was talking with a man named Linton about a mine they had been going out to work together, when he suddenly struck Linton three times with his rifle, and then stepping back shot him through the breast just above the heart. Linton's wife and child were beside him at the time. The wounded man only lived a few hours. The murderer was arrested.  
From what an Epitaph reporter was able to learn from a bystander, it seems that Douglas, who was going out to work on a mine with Linton, was late, and when he came up Linton had got another man, which led to the attack as already stated.—Tombstone Epitaph.  
See that your name is on the great register of the county. You cannot vote at the November election unless it has been placed there this year, and 30 days before the election occurs.  
**The Greatest Kind of Medicine is Man.**  
The greatest study of mankind is man, and who are his wonderful frame does not scan.  
Ponder and devise to cure an ill, Whether by device, fruit or pill, An equal benefactor is he; and we haste, The inventor of a cathartic of delicious taste, To do him honor.  
Who remembers not how the distressed mother, Her child's entreaties tries to smother, That she insists not the horrid dose be taken, The remembrance of a now does nausea awaken, And fond father, To be witness of his child's tortures, would rather Pay high price, If money could purchase Cathartic nice. We have it now! and great De Fratis name, Appears upon the scroll of Esculapian fame; Has hit upon delicious fruit To cure our ills, Away at once with draughts and pills; For whether it be indigestion, liver complaint or constipation, Or any disease to which flesh is heir, He here with pride does boldly declare, And on the assertion will wager big, That it can be cured by a HAMBURG FIG!  
At druggists, 25 cts a box. J. J. Mack & Co., proprietors, S. F.

See that your name is on the great register of the county. You cannot vote at the November election unless it has been placed there this year and 30 days before the election occurs.  
The Courier publishing a brief editorial with the remark that "the Journal-Miner, with its usual disregard of truth, says that Mark Smith owes his nomination as delegate on the democratic ticket to Gov. Zuleik and Tom Farish," proceeds to prove the truth of our assertion, that Mr. Farish manipulated the convention at Tucson and dictated the nominations.  
**Indigestion or Constipation.**  
A few Hamburg figs are all that is necessary for the cure of the severest cases of indigestion or constipation, and one taken occasionally will prevent the development of these afflictions. 25 cents. At all druggists, J. J. Mack & Co., proprietors, S. F.
